

Drinking Water Directive, transposition and beyond (IN-PERSON)

Organizers:

19th of October 2022, 14.00-17.30

Venue: Darwin- BluePoint Brussels

The event aims to explore the topics related to the transposition of the Drinking Water Directive into the national laws and regulations of individual countries.

Policymakers and stakeholders gather to explore challenges and technological solutions to help the emergence of a coherent regulatory framework supportive of water-public health.
